AOS JUDGING AND AWARDS

An American Orchid Society (A.O.S.) sanctioned show must comply with the current rules of the American Orchid Society **Handbook on Judging and Exhibition** and any interim rules issued by the A.O.S. Judging Committee.

At the show, there must be three or more judges accredited by the A.O.S. The decisions of these judges will be final. In addition to the ribbons and/or trophies awarded, the judges may consider plants and flowers for A.O.S. awards. Each person entering plants or flowers in the show agrees to accept any award given and to pay the A.O.S. for such awards. **If an entrant does not wish to accept and pay for the A.O.S. awards granted, this must be indicated to the show committee before entering the plants for ribbon judging.**

If the plants/flowers have been exhibited at an A.O.S. approved function, they are considered to have been screened, and therefore, are not eligible for further consideration. They should be marked “**Not for AOS Judging**”. This will not disqualify the plant/flower from consideration in the appropriate ribbon or trophy class.
