TAOA Members' Sales Table	Contributed by TAOA Members

Many vendors coming to our show have much more orchids in their greenhouses. They can only bring a very limited stock to the show. If you are looking for something specific and exotic, please contact them before the show to see if they have what you are looking for. Please also check out their pre-order list. Pre-ordered items will be available for pick-up from vendors at the show to save shipping costs and handling charges.
